Re: LCP Chemicals Site, Linden, New Jersey/Interim Removal Action  
EPA Order Index No. II-CERCLA-02-99-2015

Dear Mr. Sundram:

This letter will confirm that you have consented on behalf of the USEPA, to ISP Environmental Services ("ISP") performing the Interim Removal Actions ("IRA") which were listed in my January 5, 2000 letter to you. You further agreed that in order to ensure that any costs incurred by ISP in performing these interim removal actions would be recoverable during any actions against other PRPs that the Scope of Work section Administrative Order on Consent for Remedial Investigation and Feasibility Study would be amended to include these IRAs.

To that end, we propose the following language: The Administrative Order on Consent for Remedial Investigation and Feasibility Study Index No. II CERCLA - 02-99-2015, is hereby amended as follows:

- I. Chapter VII - Work to be performed - add j., Task X Interim Removal Action.

Respondent shall perform all Interim Removal Actions (IRAs) to ensure the health, safety, and welfare of the Respondent's personnel and contractors performing the work under this Consent Order. All IRAs shall be proposed by Respondent and approved by the USEPA before commencement of these activities.

**II. Appendix I RI/FS Statement of Work****Task X Interim Removal Action**

Respondent shall perform all Interim Removal Actions (IRAs) to ensure the health, safety, and welfare of all of the Respondents personnel and contractors performing the work under this Consent Order. All IRAs shall be proposed by the Respondent and approved by the USEPA before commencement of these activities.

Please let me know if this proposed language is acceptable. Note that we specifically did not list each item as we can anticipate there may be others added in the future and we did not want to have to go through the whole execution process each time this happens.

Please advise me if you have any revisions.

Very truly yours,

SHARON L. WEINER
